

The Antillo. A small but mighty dryer!

Thanks to the powerful motor inside the Antillo, it can push out a drying speed of over 220mph, blasting wet hands dry in a matter of seconds. That's no small feat for such a compact piece of washroom technology, and your budget will benefit directly from the low energy consumption and minimised drying times. The ECO setting allows for the Heat element to be switched off. Reducing

the units power usage to 600W will reduced energy costs. Achieve greater customer satisfaction scores, with users spending next to no time drying their hands.

- Ultra-fast hand drying - 10 - 12 seconds
- Powerful airflow - 100 meters/second (223 miles per hour)
- Low energy use
- Automatic operation

Operating Power

220-240 V, 50/60 Hz, 1000 W

Heater Element

400 W, Switchable On/Off

Timing Protection

60 seconds auto shut off

Warranty

5 Years (1st Year Parts + Labour)

Warm Air Speed Output

100 m/S

Heater Thermal Protection

N/A

IP Rating

IP23

Noise Level

74 dB at 1 Meter

Air Output Temperature

40°C at room temprature

Drying Time

10 - 12 Seconds

Isolation

Class 1

Air Filter

N/A

Motor Type

600 W, Brushed Type, 30000 RPM

Circuit Operation

Infrared Automatic, self adjusting

Net Weight

2.5 kg

Colour Options

Polished Stainless Steel or White

Motor Overload protection

Motor assembly designed with over current fuse, replaceable.

Sensor Range

5 - 15cm

Unit Size

174 mm W x 256 mm H x 102 mm D
