

The TOTO Recessed Hand Dryer. Powerful yet invisible.

Developed by iconic Japanese technology brand TOTO, the minimalist TOTO Recessed Dryer doesn't just hug the wall. It hides inside it, maximising the space inside your washroom. Extending just 34mm from the wall - that's little more than most picture frames - this dryer isn't merely a space-saver. Its recessed design encompasses an inbuilt drip tray to afford washrooms a new level

of design prowess.
